We've been working on a video training series for Time in Status for some time and finally, it is ready.

The training is published as a video playlist on OBSS Atlassian Team Youtube Channel.

You can use the link below to access the playlist:

https://youtube.com/playlist?list=PLozsWwpInns2J6mhEqLga7nE6VcTrwO7m

We will be updating the playlist as new features are introduces to Time in Status.

Documentation for Data Bars on Time in Status Cloud can be found here and for Server/DC can be found here.

As always, feel free to reach us through plugin@obss.com.tr or pluginsupport.obss.com.tr if you have any questions or suggestions.
